

NEW BOLT-DOWN

BOLT-DOWN

ALL-WELDED

With the incredible demand for our current bolt-down bases, we decided to introduce a new variant to complement our lineup.

The 3009 Bolt-down base features a top plate and base plate fully welded to the column along with a bell style cover to conceal the mounting screws.

A special T-Wrench tool is available for purchase to fasten the anchor bolt.

AVAILABLE TO SHIP TODAY

Item Number	Base Spread	Top Plate	Column Diameter	Overall Height	Max Top Size
3009-28-MT	9-1/2"	11" x 11"	3"	28-3/4"	24" x 24"
